

Now Featuring
Self-Serve Maintenance Permits

Online Applicant Services

Enabling online services provides significant convenience value to your community. Avolve's OAS enables a self-service experience for applicants to apply for simple building maintenance permits, pay fees, receive their permit and schedule any related inspections directly via a jurisdiction's web site.

OAS provides building departments an efficient way to conduct business online, greatly reducing lobby traffic and counter waiting. OAS can optionally extend legacy permitting systems by providing highly configurable web interactions.

Self-Service Ease

OAS is an online self-service solution with the emphasis on the user experience. OAS makes it simple to:

- Fill out and submit online forms
- Copy & submit multiple applications
- Attach documents if required
- Auto-validate address, contractor registration & license
- Update your permit system
- Look up prior submissions
- Pay application fees
- Schedule inspections

Self-Serve Maintenance Permit

Apply and receive a self-serve / maintenance repair permit. These permits do not require plan set drawing review. Examples: replacing heating/cooling systems, reroofing with the same material, hot water heater, small electrical and plumbing projects.

Self-Serve Permits

Schedule Inspection

Schedule inspections for all permit types. Inspections are required for all building permits including Self-Serve and ePlan Review permits. Once you schedule your inspection, you will also be required to show up in advance for your inspections.

Inspection Scheduling

Apply for ePlan Review

Apply for permits requiring ePlans to be approved, or for maintenance repair that does not meet the self-

Apply for Addendums

Apply for addendums, revisions and post approval changes to your existing project. Once you submit your
